**Complaint No.95 of 2024**

(Complaint by Shreshta regarding gang rape of a minor girl at Shantirbazar, South Tripura)

**ORDER SHEET**

SL NO.	DATE	ORDER	NOTE
09.	27/08/2025	<p>Today is fixed for further order on perusing the report of the Investigation Wing. As per report of the Investigation wing, the victim girl of the instant case was aged about 16 years old and one and half months prior to the date of incident victim came in contact with a boy named as Shakti Reang on Facebook. On 13/12/2024, after 5 PM, said Shakti Reang came in the house of victim girl at Kiri Chandra Para under Santirbazar PS in absence of her guardian and persuaded the victim to accompany him to the rubber plantation behind the house of the victim girl and after that he dragged the victim towards road side and there another boy named as Laxmidhan Tripura was waiting at road with a scooty and they forcibly got her boarded on the scooty by threatening her with knife and took her to Mandira Rubber Plantation under the jurisdiction of</p>	

	<p>BLN PS approximately 14 to 15 km away from her home. It was already at night and there were no houses nearby that plantation and at that spot three more boys were present and there the five boys committed rape upon the victim and next day that is on 14/12/2024, at the morning at about 4.30 PM, the victim was dropped near Holy Cross School not far from her residence. Reaching at home, she disclosed all the facts to her guardian. The guardian of the victim lodged a complaint at Santirbazar PS on 14/12/2024. Accordingly, police also registered a case bearing No. 2024STB033 u/s 70(2)/96 of BBS and also u/s 6 of the POCSO Act. Inspector Jayanta Das, being O/C, Manpathar OP was the first IO investigated the case. Thereafter, Inspector Sipra Bala Chanda of Belonia PS completed the investigation as per order of SP, South. All the FIR named accused were arrested by IO. All the FIR named A/Ps are aged about 18 and above. During investigation, medical examination of the victim girl was arranged. Medical examination of the accused person was also done and collected the medical reports of the victim. The Medical Officer Dr. Shrabanti Bhowmik opined that victim that no injury mark was seen over the body except one bruise over right upper shoulder. The hymen was found</p>	
---	--	--

ruptured, bruise was over the right upper shoulder and there was evidence of sexual assault. The medical reports of all the A/Ps show that all the A/Ps are capable of sexual intercourse. It is also reported that the victim belongs to a very poor family and her guardian had to sell their pigs and borrow money from the relatives for the purpose of her treatment. The family already incurred expenditure of Rs. 1 lac for her treatment. So, in the report of Investigation Wing, the allegation of sexual assault on the victim prima facie supported showing her family status. These being the position. Keep the next date for final consideration.

List it on 25/09/2025
