It is stated in the complaint that it has become impossible for the complainant to sit idle after watching such a violation of human rights in a so called civilized state.</p> <p>On 16th September, 2025, Bishalgarh TV, an online news media outlet, posted a video shot in Govind Ballabh Pant Hospital, Agartala having facebook link:</p> <p>http://www.facebook.com/share/v/17PMLGPctE/</p>	

		<p>The video shows an old person probably belonging to the impoverished sections of the society being dragged out of a ward by some staff members and then being laid down on the floor. The helpless women can be seen crying for help but help does not come at all. The visuals are quite pathetic and hard for anyone to see. Such an ill treatment is totally unacceptable in a civilized society and it is, therefore, a violation of human rights and also violation of Article 21 of Constitution of India. Therefore, it is a matter which falls under the scope of investigation by Tripura Human Rights Commission.</p>
